Submitted to His Highness

It is learnt that as a result of the injuries received during the disturbances in Bangalore City on 30th July 1928, two persons have lost their legs. In view of the unfortunate circumstances under which these persons were disabled, they seem to deserve some relief at the hands of Government.

It is ascertained that the cost of providing these two individuals with artificial legs will come to Rs350. A further sum of Rs80 is required for sending them to Bombay to furnish accurate measurements to the manufacturers. I am of opinion that the two men may be provided with artificial legs at the cost of Government, and that each of them may also be given a special pension of Rs15 a month for life.
